

AIR HEATING

EBERSPÄCHER D2L AS3 - DIESEL AIR HEATER

The Airtronic 3 is a new generation diesel air heater from Eberspächer. Featuring high heating performance, compact design, quiet operation, and automatic altitude adjustment up to 3,000 meters using the Easy Pro Controller.

It introduces a new combustion chamber concept, a redesigned casing, and retains enhancements from the Airtronic 2, fitting well into Eberspächer's segment-focused product strategy for commercial and special vehicles.

The Eberspächer EasyStart Pro and EasyStart Web control units ensure convenient and user-friendly operation, with compatibility across all control units.

- EasyStart Pro controller with integrated fault diagnostic tool and 7 day timer
- Light weight 2.5kg
- Integrated altitude sensor: Automatic altitude adjustment up to 3000m using the Easy Pro Controller
- Stepless heating performance control to desired set point
- Noise emissions optimized
- Brushless motor and service life up to 5500h
- Use of acoustically improved metering pump
- Interfaces: CAN, LIN (only 12 V), S+
- Optimized combustion for additional installation options / decreased fuel consumption

Product Diesel Cabin Air Heater
 Part number 2902130000190
 Voltage (v) 12
 Fuel Diesel

SEGMENTS

CONTROL STAGES

Control Stages	Start	Low	High
EnergyConsumption D2L 12V	100 W	4 W	24 W
Energy Consumption D2L 24V	70 W	3 W	16 W
Heating Output		.85 kW	2.2 kW
Fuel Consumption		0.1 l/h	0.27 l/h

ATTRIBUTES

Automatic Altitude Adjustment	3,000 m
Voltage Cutout protection - 12 v Unit	> 10.5 v to < 16.0 v
Voltage Cutout protection - 24 v Unit	> 21.0 v to < 32.0 v
Digital Programmable Timer	7-day function via Easy Pro Controller
Auto Dimmer Fuction on Controller	Standard

****3 YEAR WARRANTY VALID FOR UNITS DISTRIBUTED BY MODULAR WHOLESALE AU/NZ ON OR AFTER 1ST SEPTEMBER 2023**
